On Point for College will use every dollar raised from (i.e. Golf for Grads, annual appeal, etc.) as matching dollars for our two-year New York State Higher Education Services Corporation Challenge Grant. Your contributions will ensure we receive our full grant amount.

## Change Syracuse degree by degree

For over 10 years, On Point for College has been dedicated to helping low-income Syracuse youth achieve their dreams of higher education.

More than 1,700 students have enrolled in 170 colleges and universities as a direct result of On Point for College and 98 percent of them were the first person in their family to attend college!

Most impressively, more than 84 percent of On Point students return to college for their sophomore years — well above the national average retention rate.

## Help us help them

Starting college can be a difficult experience for any student...but that struggle is magnified for those who lack the economic resources for many of the necessary "little things" such as text books, bedding, bath towels, notebooks, calculators, thumb drives, dictionaries, alarm clocks, school clothes and even transportation to and from school.

87 percent of all funds raised by On Point provides students with these essentials, so they can concentrate on what really matters — academics.

To learn more, call 315-362-5003, or go to [www.onpointforcollege.org](http://www.onpointforcollege.org)

## On Point for College Inc. 's Mission:

To open the door to higher education for the inner city youth; to break down the barriers that hinder potential students from entering college; and to provide support that empowers them to succeed.
