Program Overview: On Point for College is sponsoring a paid internship program to help our students and graduates gain meaningful pre-professional work experience. Interns will be matched with employers related to their field of study in the Syracuse and Utica areas through our On Point for College Career Services program.

What is an internship?

- An internship is a form of experiential learning that integrates knowledge learned in the classroom with practical application and skills development in a professional setting.
- Internships give students an opportunity to gain valuable applied experience and make connections in professional fields.

Where will I be working?
